

There were some extra special blessings during our Worship Service on August 2nd. First, Celia Gross performed a Handbell Solo of "Nothing but the Blood of Jesus." If you didn't have a chance to hear it, or would like to hear it again click on the link below:

Second, the flower arrangement by Gary & Kathy Olson in memory of their parents was a floral interpretation of Matthew 14:13-21. Gary described it this way, "When Jesus fed the 5,000, he welcomed all that wished to come and hear him. They were from all over the middle East or known world. The core of the flowers represents the many colors, ethnic groups and countries of the world. The grapevine circle represents the all-inclusive love and acceptance that Jesus wants for people. The ragged Fugi mum represents Jesus' arms reaching out for those who believe in him and God the Father." You can view this wonderful arrangement by clicking on the link below:

It is always a blessing when the people of God use their gifts and abilities to Glorify God. Thank-you, Celia, Gary and Kathy!
